Re: Wetlands Permit Application
Lee Traffic Circle Water Line Extension Project
Lee, New Hampshire

Dear Property Owner:

Please take notice that, on behalf of the Town of Durham, Underwood Engineers is in the process of filing a NHDES Wetlands Permit Application for the Lee Traffic Circle Water Line Extension project to provide water to MtBE-impacted properties near the Lee Traffic Circle. This project also includes improvements to the UNH/Durham Water System.

Per NHDES requirements for wetland permitting, we are notifying you that there will be temporary wetland impacts associated with the project adjacent to your property, referenced above. A drawing sheet showing the proposed work is attached. Per NHDES requirements, the Town of Durham is notifying you of proposed work impacting wetlands adjacent to your property.

Once the permit is filed, the permit application, including plans of the proposed work will be available for viewing during business hours at the Durham Public Work Offices, or by scheduling a file review at the NHDES Wetland Bureau offices by calling (603) 271-8876 or online at <http://www4.egov.nh.gov/DES/FileReview/>.

Pending NHDES approval, the Public Works Department intends to schedule the work for the 2021 construction season. Please contact Timothy Noble or myself with any questions related to the permit application at (603) 436-6192.

Re: Wetlands Permit Application
Lee Traffic Circle Water Line Extension Project
Lee, New Hampshire

Dear Property Owner:

Please take notice that, on behalf of the Town of Durham, Underwood Engineers is in the process of filing a NHDES Wetlands Permit Application for the Lee Traffic Circle Water Line Extension project to provide water to MtBE-impacted properties near the Lee Traffic Circle. This project also includes improvements to the UNH/Durham Water System.

Per NHDES requirements for wetland permitting, we are notifying you that there will be temporary wetland impacts associated with the project adjacent to your property, referenced above. A drawing sheet showing the proposed work is attached. Per NHDES requirements, the Town of Durham is notifying you of proposed work impacting wetlands adjacent to your property.

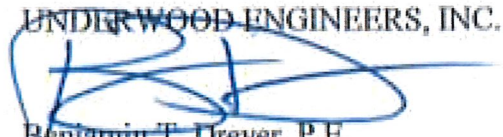

Once the permit is filed, the permit application, including plans of the proposed work will be available for viewing during business hours at the Durham Public Work Offices, or by scheduling a file review at the NHDES Wetland Bureau offices by calling (603) 271-8876 or online at <http://www4.egov.nh.gov/DES/FileReview/>.

Pending NHDES approval, the Public Works Department intends to schedule the work for the 2021 construction season. Please contact Timothy Noble or myself with any questions related to the permit application at (603) 436-6192.

Re: *Wetlands Permit Application*
Lee Traffic Circle Water Line Extension Project
Lee, New Hampshire

Dear Property Owner:

Please take notice that, on behalf of the Town of Durham, Underwood Engineers is in the process of filing a NHDES Wetlands Permit Application for the Lee Traffic Circle Water Line Extension project to provide water to MtBE-impacted properties near the Lee Traffic Circle. This project also includes improvements to the UNH/Durham Water System.

Per NHDES requirements for wetland permitting, we are notifying you that there will be temporary wetland impacts associated with the project within 10-ft of your property, referenced above. A drawing sheet showing the proposed work is attached. Per NHDES requirements, the Town of Durham requests written acknowledgement for work impacting wetlands within 10-ft of your property.

Once the permit is filed, the permit application, including plans of the proposed work will be available for viewing during business hours at the Durham Public Work Offices, or by scheduling a file review at the NHDES Wetland Bureau offices by calling (603) 271-8876 or online at <http://www4.egov.nh.gov/DES/FileReview/>.

Pending NHDES approval, the Public Works Department intends to schedule the work for the 2021 construction season. Please contact Timothy Noble or myself with any questions related to the permit application at (603) 436-6192.

NOTE:
 W = PROPOSED WATER LINES FROM EXISTING WELL AFTER PAD SITE DEVELOPMENT.
 FW = PROPOSED WATER LINES FROM MUNICIPAL WATER AFTER PAD SITE DEVELOPMENT.
