

Gary Kustra Celebrates 20 Years with the Durham Fire Department

Congratulations to Captain Gary Kustra on completing 20 years of service with the Town of Durham. Gary was appointed to the position of firefighter on November 15, 2004, and promoted to the rank of captain in November 2010.

Gary coordinates the fire department's hose and appliance annual inspection and testing program. Earlier this year, he played a key role in coordinating the donation and outfitting of the department's Utility Task Vehicle.

During a recent fire department recognition program, firefighters took a moment to thank Gary for his highly regarded mentoring skills, which have benefited those who have worked with Gary during his many years of dedicated service with Durham Fire Department.

Congratulations, Gary!
