Re: Section of Six Foot Fencing for Dog Day Care Facility – Map 6, Lot 11-7

Dear Mr. and Ms. Sawyer,

I am pleased to inform you that the Durham Historic District Commission approved your application for fencing at the above referenced project at its meeting on Thursday, May 2, 2013. The fencing will be to cover a section of chain link fence in between the sections that will be eight foot ship lap and six foot stockade. The application was approved exactly as submitted and discussed, with the following modifications/clarifications:

- The fence will be wood ship lap and must be high enough to cover the chain link fence to which it will be attached.

It is understood that the fence will be slightly under six feet, as stated in your application and discussed at the HDC meeting. No permit is needed for fences under six feet in height (*Note that in the approval that I emailed to you, I stated that you would need to contact this office for a fence permit, but you can disregard that*). Please be certain to contact me if any other changes are proposed.

Mr. and Ms. Sawyer, thank you for your cooperation in the review process. Please feel free to contact me with any questions or concerns. I wish you the best of luck with your project.

Sincerely,

Michael Behrendt, AICP
Town Planner
