Re: Review of Thompson Inn - Bennett Road

After several meetings and discussions regarding the Site Plan Application for the Thompson Inn, formally known as the Highland House, I have the following comments:

- From what I have reviewed, parking on-site will be of adequate supply eliminating any on-street parking on Bennett Road.
- Lighting should be adequate for the safety of residents, especially in the parking areas without being offensive to neighboring residents.
- Site distance should be adequate given the rural nature of Bennett Road and the speed limit restraints.
- For any large event, it would be a positive attribute that a flagger or some other type of traffic control person be stationed at the egress onto Bennett Road to ensuring safe passage
