Re: Review of Friends Forever Property

---

In reviewing the Site Plan Application for the Friends Forever property I have the following comments:

- Parking on-site must be of adequate supply as there is no on-street parking on Morgan Way.
- Lighting should be adequate for the safety of residents, especially in the parking areas without being offensive to neighboring residents.
- With two buildings essentially making up the property there should be clarity of which building is which for expediency of public safety response.

The Durham Police have been engaged with the Friends Forever organization participating whenever possible with the foreign students who visit Durham. As an organization we endorse their mission to create trust, empathy and friendships between cultures in conflict. They have proven themselves to be a wonderful addition to the Durham community and the Durham Police look forward to a continuing positive relationship with this honorable organization.
