Planning, Assessing
and Zoning

1/2/17

DEAR CONSERVATION AND PLANNING BOARD
MEMBERS.

I AM RESPONDING TO 4 QUESTIONS
THAT WERE GIVEN TO ME.

- ① AFTER EXTENSIVE REVIEW THERE IS
NO ALTERNATIVE LOCATION FOR THE
BUILDING OUTSIDE OF THE WETLAND
DISTRICT BECAUSE OF SETBACKS, EXISTING
BUILDING LOCATION, SEPTIC AREA AND WELL
LOCATION
- ② THERE WILL BE MINIMAL SOIL DISTURBANCE
ONLY FOR THE CONSTRUCTION AND OPERATION
OF THE FACILITY
- ③ THE LOCATION, DESIGN AND CONSTRUCTION OF
THE BUILDING WILL USE BEST MANAGEMENT
PRACTICES TO MINIMIZE ANY ADVERSE IMPACT
ON THE WETLAND.
- ④ RESTORATION ACTIVITIES WILL BE DONE AS SOON
AS POSSIBLE WITH GRADING, SEEDING AND WILL
BE BROUGHT BACK AS CLOSE TO ORIGINAL GRADE
AS POSSIBLE

Respectfully submitted
