Hi Kimberley,

I confirmed with both Karen and Audrey. My email is sufficient to serve as the denial under zoning. So your next step is to apply for the variance. The ZBA will not set this aside on that matter. So, you need only coordinate with Karen and Audrey about the process and necessary materials.

Michael,

I hope you can help stop me from going in circles.

The Zoning Variance application says "*STANDARD OF REVIEW: Prior to seeking a variance, the property owner must have been DENIED a building permit by the Building Inspector or approval by the Planning Board.*"

Please verify the Zoning Board will not set it aside without a communication from you?

Otherwise, the documentation is just about ready to go.
