Town Planner's Review
Wednesday, April 10, 2019

XII. **Public Hearing - Minor Site Committee**. Discussion of proposed amendments to the Site Plan Regulations to create a procedure for minor site applications.

Recommended action: Continue or close public hearing as appropriate.

- I recommend that the board adopt the amendment if acceptable or continue the discussion.

If the proposal is acceptable, it can be adopted by the Planning Board. The board adopts amendments to Site Plan Regulations on its own.
