Re: 74 Main Street-Clark

After reviewing the documents associated with the proposal, I have several items the department would like added to the conditions that may be granted by the Town:

- While it is noted that there are underground parking spaces being constructed, it must be made clear to any potential apartment owners/renters at 74 Main Street that the Town of Durham does not provide nor have ANY off-street parking nor are apartment owners/renters eligible for the parking permits issued to businesses of the Downtown area.
- Any construction that will result in the closure of a traffic lane on Pettee Brook or Main Street *may* require traffic control officers retained through the Durham Police Department with minimum notice of one-week to the agency.
- Potential lane closures must take into consideration busy periods of the UNH academic calendar such as Freshmen move-in day.
- Apartments should be appropriately number clearly delineating floors for quick access by public safety personnel.

If you have any questions, please feel free to contact me
