Re: Murphy Parking Lot

After reviewing the current documents associated with the development of a parking lot between Main Street and Cowell Drive, I have the following comments:

- The proposed parking lot would provide UNH students parking for a fee. The daily trips from this type of clientele would be minimal as there is no parking at UNH that would be closer. This greatly enhanced the situation from the Police Department's perspective.
- The entrance/exit to Cowell Drive is the preferable location. While using the Main Street entrance/exit would not create an adverse decision from the Police Department, Cowell Drive offers minimal traffic congestion, good sight distance and stays out of the residential neighborhood section.
- Parking for employees of businesses owned by Mr. Murphy in the downtown area could also free limited available business permits sold by the Town.
