Subject: Parking regulation discussion

Hi Michael,
We live in the Faculty Neighborhood on Hoitt Drive, and are very concerned about the prospect of student vehicles over-running our neighborhood. It's bad enough we have student party houses in neighborhoods where kids and adults have to sleep and get up to go to work and school. If UNH is short on parking, let them find a way to provide more parking. Please help keep Durham a community where people want to make their homes.
Respectfully,
Cristina Healey
