I am writing in support of the application for a new Italian restaurant in Durham by the Doug Clark. As a resident of town, I see a tremendous benefit to the community to bring in businesses that can encourage residents to visit the downtown area. It can create a community where both the residents and the college students can contribute to a thriving and balanced community. Having options for residents will not only help quality of life for us in town, but can also help property values as well. It also brings customers into town which can help our other small business owners find success as well. I sincerely hope we are able to move this project forward in a timely manner.

I thank you for your time.

Sincerely,

Lisa Keslar
