

Planning Board and Town Administrator
Town of Durham, NH 03824
June 12, 2019

Dear Mr. Selig, Chairman and Members,

We moved to Durham 25 years ago because we admired the fact that the citizens and town leaders valued the historic resources and natural beauty of their town and worked proactively to protect them, through designation of scenic roads, conservation of land, and thoughtful zoning. We are hopeful that the Planning Board will uphold that tradition, and not allow this assault on the beauty of Durham Point Road to take place. To do so would mean that the hard work of citizens to legally protect their environment is a sham and can be overlooked when inconvenient. That is not how good government works.

Sincerely,

Joan and Frank Graf
360 Durham Point Road
Durham, NH 03824
