---

To the Planning Board,  
Please see the email from David Hills below. He addresses the 4th criteria for the conditional use and the three criteria for the permitted use B.

Subject: Conditional use for patio

Hi Michael,  
Regarding permitted Use B, there will be no erosion, any disturbed area will be restored, and there will be no impact on the wetland to put in the granite walkway and the handicap path.  
Also, under the conditional use criteria #4, restoration activities will leave the site in its pre-existing condition and grade at the time of the application for the conditional use permit.  
Sorry for my delay in getting this information to you earlier.  
See you tonight, David
