**Re:** Old Piscataqua Road Subdivision

---

Regarding the development of the 3-lot subdivision off Old Piscataqua Road as it pertains to the police department:

- The existing roadway is a dead-end and poses no significant challenge.
- Since the three lots using the same driveway it will be critical that the homes are properly numbered and/or identified to allow for the quick and efficient delivery of police services.
- There currently exist adequate police resources to serve the needs of residential property. However, each additional home added to the tax roll will ultimately have a cumulative effect upon police capacity to respond.
