Re: Bamee Patio

Board,

Please accept this as our letter of intent to request a minor site plan process. The project proposed is to allow Bamee Restaurant an area for outdoor dining. The area has been used in the past with a "picnic" table which was able to accommodate the irregular terrain. The proposed use would be for small tables and chairs, properly spaced. The lawn proves difficult to provide a level area for the tables and chairs. The lawn is also difficult to "clean" when spills/foodstuff lands on it. Additionally, the proposed railing will provide for a safe area for diners.

We believe the project meets the minor site plan process. This position is supported by the Town Planner.

Regards

Pattaraporn Teepratiganon, owner  
Bamee Restaurant
