Here you go.

Hello Mark,

Thanks for all the hard work getting ready for the closing. I spoke with the Conrads about giving you permission to apply for permits prior to your closing. I hope the statement below will help you to achieve that goal.

Both Buyers and Sellers agree as we spoke about clearly from the beginning of the negotiations of this transaction. The Sellers are happy to aid with any permission needed for you to move forward with your renovations beyond the closing. This most certainly includes any necessary applications you may need in preparing for any intended changes upon the your ownership of Old Landing. I look forward to a successful closing. Let me know if you need anything further.

See you soon
