Subject: Late email regarding the pork chops subdivision at 279 Packers Falls Road.

Michael meant to send this out earlier and in a more formal format. But just wanted to emphasize that I as the butter to the property at 279 Packers Falls Road and 100% in support of the projects as outlined by the south east land trust. And sending this email I am providing my permission for you to verbally speak to my support at night plenty we're meeting, if you get this in time.--
