**Subject:** Food truck court in Durham

Hi Mr. Selig and Mr. Behrendt,  
I'm writing in regards to the proposal for the food truck court in Durham. I read the proposal and it looks like an amazing space for the community and local businesses. There would be so many benefits to this project including offering jobs, a gathering place for local residents, families and students, increasing the diversity of dining options, a place to hold charitable and social events, enhancing the historic district, getting people outside and more active, the list goes on. I think Durham and the surrounding community needs a place like this. Now, more than ever, we need space that builds community, makes people feel connected and brings people together. I think this project would do just that and so much more and my family and I are in support of seeing this through fruition. I'm excited to see where this goes and wish you all the best in bringing this exciting new space to Durham.

Regards,  
Angie Pelaggi and family
