Subject: Letter in Support of Tideline Public House

Dear Mr. Behrendt and Mr. Selig,

We wanted to express our enthusiastic support for the proposed Tideline Public House. We are Durham residents with a 9 month old baby and very excited about the prospect of this gathering place for families. We love to visit local breweries in the seacoast area and feel that Tideline could be a great asset to Durham. Currently, we have to travel to other towns/cities to get a good craft beer or to visit a nice wine shop.

The proposed green space the Tideline Public House is envisioning would enhance the attractiveness of this area. Right now, it is a heavily asphalted space. The indoor/outdoor nature of the Public House is also exciting to us.

Thank you for your consideration.

Sincerely,

Marina and Barrett Miles

9 Mathes Cove Road
