Subject: I support of food trucks

Resent-From: <council@ci.durham.nh.us>

Hello,

As a Durham, NH resident, I want to send the support of our entire family for the food truck project. We think it would be great to have some diversity and different food choices in Durham. I have been a resident in two different homes in Durham since 1998. We need change, new ideas, and modernization of amenities for the community including families. My children could go on bikes on their own, it is more Covid friendly, it appeals to students and families. Please allow this! Our town needs a sense of community and a gathering space. This area already has business so please don't discriminate since a few people are worried about parking and noise.

At least do it as a trial for 6 months to see how it works.

Thanks for the consideration.
