---

Hello,

As a resident of Durham, I just wanted to voice my opinion that my family and I are very excited about the new Tideline Public House project.

I'm concerned that once again a vocal, yet very small, minority is going to hamper the development of this new business, and I hope that doesn't happen. I think the new business could be a great asset to the community. It will give residents a fun new place to gather.

This project is generating so much excitement in the community!

I hope the Town will do everything in its power to support and encourage this new business.

Thanks,

Lisa
