Subject: Request to deny petition: https://www.ci.durham.nh.us/boc_zoning/appeal-administrative-decision-18-main-street12-cowell-drive
Date: Tuesday, November 13, 2018 3:16:40 PM

Hello Karen,

I am not sure if you are the correct person this email needs to be addressed to. If not, please forward it to the appropriate party.

I am the owner/resident of 3 Glassford Ln.

I am writing with regards to the hearing on the following.

https://www.ci.durham.nh.us/boc_zoning/appeal-administrative-decision-18-main-street12-cowell-drive

I would like to request that this petition be DENIED because of the following reasons.

- This will increase traffic into the Cowell area neighborhood
- I have 2 young children who play on the street and this added traffic will be a safety concern. Also there are other young children in the neighborhood as well that do the same
- There will be an increase in the flow of pedestrians into the neighborhood and this will lead to a much higher rate of littering on residential properties. We already struggle with this with the existing student housing within this community
- There will be much higher noise related issues as students will typically gather in parking spaces

I would like to keep the Cowell area neighborhood a safe and secure place for families and for these reasons, I would like to request that this petition to build a new parking space be denied.

Thank You,
Sridharan Gopal
