Subject: RE: Parking 18 Main Street

Hi David, would you mind resending this to Karen Edwards or Audrey Cline so that it can be forwarded to the ZBA members who are hearing our appeal of the HDC tomorrow evening Thanks Peter

Subject: Parking 18 Main Street

To Whom it may concern: Leslie and I support the renovation and expansion of the parking lot at 18 Main Street. It is in our opinion the best use of the property in that it will only have a beneficial impact on the Town. It will create additional parking off Main Street which is desperately needed and at the same time the parking will not be visible. In fact with the landscaping and improvements proposed by Mr. Murphy this project will improve the appearance of the 18 Main Street Property which is an Historic property. This project is a no brainer in that it will fill a need and only improve Durham in enhancing the property on Main Street. Mr. Murphy has a long and successful track record in improving the physical appearance of all his Durham properties. David Schwartz
