Subject: FW: parking lot 18 Main Street

Hi Karen,
I enclose a letter to the ZBA, per proposed parking lot behind 18 Main Street, Durham.
Thank you,
Roger Hayden

To whom it may concern,
I would like to support the parking lot being proposed behind 18 Main Street, Durham, because it may help open up some additional spaces for customers to shop downtown rather than having employees taking up valuable spaces. The lack of public parking has become increasingly negative to the retailers in town, and this proposed lot behind 18 Main would be a much better use of this land than, say, a new housing development, student or other.
Thank you,
Roger Hayden
